Hello friend my name is Ankit. I am an IT professional and a sex addict. Believe me, my dick size is about 9 inch and rounded, thick and long. But problem is I love to go inside asshole not in pussies. Yes friends, I am a gay. Gay means gay not bi. I am not very keen for girls. Even though I am a married person and I have two kids. These two kids are mine but when it comes to the matter of enjoyment of sex life. My wife fucks me well. But, we had a discussion that she can enjoy with a person as I am not in a position to believe that she must be sitting at home and compromise.

We always try to find a bi person. So that, we both can enjoy. She can enjoy the person's dick and I can with his asshole. If you are bi and love to fuck my wife and at the same time wish to get fucked with my dick, write us. We are waiting for you. We are in Bangalore and looking for local persons. So friends, let me not bore you anymore. I am a big fan of this sex story website and love to share how I got to know about my gay fantasies. I was in a hostel at that time and my roommate was a sports person. He was also a gay and he started doing sex when he was 14. He loved to take dicks on his asshole.

I had not such kind of thoughts in my mind. I always be in underwear and baniyan in room. My dick is big so there is always some part shown. I never noticed that he loved to see that and he tried to touch it and press it. But that night, when he came to bed and took my dick in his hands. That horny night, I came to know that my dick also loves male asshole. It was winter and that night was so cold. We were not allowed to have room heaters in hostel. We had taken 2-3 blankets but still we were feeling cold. Suddenly I felt that he came in my bed and hugged me tight. He was pressing his dick on my butts. I was feeling good and his touch was warm.

I was feeling really good and my dick was hard instantly. My 9 inch was pumping in underwear. He had taken my dick in his hands and started pressing it. He was kissing on my neck and shoulders. Hmmm I can't tell you friends, how sexy that moment was? He was doing so well that many women don't do. He was not like such people who just have sex. He knows how to enjoy sex. He was licking me. His tongue was all over on my back and licking fast. I was out of control and my dick was pumping so well. He was pressing my dick tip and was doing my masturbation. My dick was precum and I was feeling that I could come anytime.

It was uncontrollable for me now. I turned up and took his face in my hands. I put my lips on his lips and started kissing him. We both were smooching so hard and fast. hmmm our both were moaning in pleasure hm hmmm wow . We were not in our control. He was pressing my dick. I touched his it.

It was so small. must 2 or 3 inch. He took my hands and put on his butts. I understood that he is a bottom and love to get fucked. He now been down and took my dick in his mouth. He was kissing my dick tip and then took inside in her mouth Wow friend That day, he made me really mad. He had given me sexy blowjob. He sucked my dick so well that I released my cum inside his mouth. I drunk all cum and then started licking my balls and asshole.

He made me hard in 10 minute again. I didn't wanted any more delays and I turned him down and came over him. I started rubbing my dick on her assline and asshole. It was really tight. I tried to push my dick in her asshole. It was not entering. Then, i took lots of body lotion and applied on my dick and his asshole too. Now, both part were wet and I tried again. My dick went inside with my hard speed stroke. He started shouting but he kept his hands on his mouth. Then, He started shaking his butts. I pushed one my time, and my almost 2 more inch went inside. He was feeling pain and was moaning hard hhhhh aaaaaaaa . aa .. yours is big It filled my asshole completely . So bigggggggggg .

I was become so horny and then I pushed again and this time my dick was deep in his asshole. He was shaken his ass with and given pillow inside her mouth. Then, I little bent and caught her shoulder and started fucking him. I was fucking his asshole as I was riding a horse So wonder It was so hot. I fucked his asshole about 30 minutes and then i was about to cum. I had increased my speed and released my all cum inside. His asshole was filled by warm cum and I could see pain on his face. His ass turned into red. I took our my dick out. He turned and hugged my tight. He was kissing on my chest. He came over my body and was licking and sucking my dick. I was wondering that my dick was so hot that night and started pumping againg.

Seeing this, his eyes also were twinkling and he sat in my dick. He put his asshole on my dick and pushed it down. This time, my dick went inside easily as his asshole was all open now. We enjoy that night having sex 3 times. Now then, it was our daily night routine to have sex. He got married now and me too. But, Whenever we meet, we have sex now. My wife knows this and his wife too.

So friends, this is story of my first gay sex. Please send your comments telling me, how you like it? I am in open offer, if you would like to fuck my wife and allow me to fuck your asshole, please write me back
