Husband ke dhoke ka badla liya

Hello friends, I am Pammi. I am 32 years old lady. I am married with 2 kids. My husband works in a MNC and most of the time, he travel. I was not like that and I never thought that i will have sex anyone else other than my husband. But, when i came to know that my husband have sex and enjoy whenever he travels, than i realised that I am a big fool who always be loyal to my husband always kill my emotions, my feelings and my hornyness in his absence. One day when he was back from his tour. I was taking out his clothes from Briefcase. I found some strange smell in his nightwear. Then, i saw few condoms may be he forgot to throw and also seen some lipstick mark. It was surprising. And, when i asked about all this bullshit to him. He annoyed and went out from house. He not came back soon and i was crying all the day.

I was thinking that what's the point to compromise to own emotion for him. He never take care of things and didn't had importance. That day, I decided, if anytime I will feel something for someone. I will also cheat as he was doing. He came back in night with lots of gift and flower. He said sorry and said, he had not done nothing wrong. He and his team mate went to a club. That dance came close to me and kissed. Thats why it happened but he didn't had sex with her. Now, I was not trusting him but friends, he fucked me wild that night. He fucked me as he was hungry since years.

He had went to USA for 2 months. I had gone with him and we had left our kids with my mother as they had schools and also. Most of the time, my husband been busy in work as he was setting up a new office there. Company had provided us a temporary accommodation in a flat. I was liking it. It beautiful place, peaceful, green, clean. I was totally loving it. I used to had my tea in morning and i come out in my night dress only. There was very smart guy was residing next to our villa. He was tall, handsome and very attractive. Whenever i see him, he always smiled. He must 23 - 24. His name is Sam. Time went and his smile had been converted into waving hands and said good morning.

I was also replying. I was feeling little closeness to him. I was feeling something catchy for him. I wanted to ignore him but was not able to do so. One day, I was having tea and he called me up. He introduced him and asked my name. He told me that he was a university student and was doing part time job. He was staying alone. He requested me to come down. My husband was sleeping. I thought something and then went down without changing my clothes. I was in a night dress and it was sleeveless and till my knee "one piece dress". He saw me from up to down and smiled. We introduced to each other. I was happy that i got a friend now.

We used to spend time together. He helped me to understand local language. He had taken me markets and some place. We were getting close day by day. He some time caught my hand and rubbed by butts and back. But, I never reacted. Whenever he did and i saw. He always smiled and I also replied with smile. He always apprired my smile and my Indian beauty. He always loved to me. One day, I baked my favrioute cake. I was alone. I went to his house with cake. It was my first time, when i was stepping in his house. When i entered, i was surprised. He had a gym in his room and he pasted my pictures on room wall. It was really romantic. He was saw me. His eyes was big and i could see love and lust for me. I had lost my senses and didn't wanted to think. He had only one room. He had only a big sofa for sleep. He made me settle there. I was wearing a saree that time. He came over me. I was still seeing in his eyes. I could feeling his breath and could listen his breath. He was normal and I was breathing really fast.
