Hello friends, my name is Rahul. I am a sex addict person and love some daring to try something new in sex. I am sharing the same kinky story today. It is about a hot Indian girl who was completely stranger for me. She came to my shop to buy some goods. I had seen her first time. She was not belong to our residential area. When she left shop, her I-card dropped. I saw and went to her but she had taken auto and i was not able to return back her I – card. I was thinking, what to do? I was seeing her card and found her mobile number at the back of her I – card. First, i thought to give a call to her and wanted to intimate about her I – card. But, my naughty and dirty mind stopped me to help her and I started chatting with her on sms being a stranger. I was quite lucky as she also started talking to me and she had great attitude.

I had told her that i had her I – card and I had got her number from there. Now, we were regular chat buddies and such how, one month passed. We were friends now. I believe she was also doing time pass with me. But, I was wanted to fuck her. I wanted her pussy now. One day, I asked her to meet and she agreed. She came to meet me. She asked, from where i got her number? I had told her all the things. She was smiling and now her interest in me is increasing. We used to talk romantic and something, we used to talk sexy also.

One day, I was really horny and I asked her to come down my home. I was all alone. She wanted to come down but showing attitude. She was looking beautiful. I was starring her from head to toe when she entered inside to my house. We were talking to each other. I sat very close to her and started rubbing my fingers on her lap. She was moaning uhhh.. ummmm. Her breath was going up and I was feeling warmness of her breath on my face. I could heard the sound of her heartbeat. I was also feeling hot and been very horny by now. I had kept my lips on her lips. I was smooching her lips really awesome. She had been so eager after that, she removed her all clothes and been all naked infront of me. She attacked on me and removed my clothes with stranger eagerness. I was not able to understand. But, I was happy that she is been horny now. My dick was also pumping really fast seeing her beautiful sexy nude body. She was very fair and had pink parts. Her boobs and pussy was making me eager to fuck her. I was losing my control now.

Her boobs were beauty. Her fair, rounded boobs was so beautiful and pink nipples over them was inviting me lick them, suck them. I forgot everything and put my mouth on her nipples like an infant. I was licking them really hard. Her body was shaking and she was playing with my hairs. Her loving touch was making me so exciting that i started biting on her boobs. She was teasing and moaning in pleasure ahah ahah ahah ahah.. ahahah My dick was so hard and i was not to control anymore. I had kept my dick on her pussy and

started rubbing on her clit. She was pulling hairs and saying – fuck me now. Please fuck me now. My pussy is burning now. I can't control anymore. Please fuck me. I wanted to fuck now and i had played my first stroke.

My dick went inside completely in first stroke. I came to know that she was not virgin. I asked her that you had sex earlier. She told me that her boyfriend fucked her couple of time. He broke her seal. But, He had left now. He proposed her only for sex. Her pussy was begging for a dick now. Thats why she came to me. I was smiling and pushing my dick continually. Wow.. It was so awesome fucking. She was also supporting me moving her butts in the answer of my strokes. She was shouting and moaning ahah ahah ahah ahaha.. agaga . aaahhhh She was abusing and her abuse was making wild to fuck her kinky. I had hugged her tight and rubbing my chest on her boobs too. Her nipples were inside my chest and giving me sex pleasure. I was shouting to show my force in my strokes aha ahaha ahah.. ahahahah She was smiling and was kissing me in between. Entire room was full of our sex voice aah ahahah

I was about to cum now and asked her where to drop? She said – don't get into inside as she had not protection and i was also not using condom. I had pulled out my dick and pushed my dick inside her mouth. She had taken my dick and started sucking hard. I could feel her teeth on my dick. She was touching her tongue on my dick tip. Wow She was awesome as sex buddy. I never had such hot sex before. This stranger was making so horny and i also satisfied her urge of sex. I was almost cum and i dropped my all cum inside her mouth. She pulled my dick and my cum was dropped on her hairs, head, mouth or boobs. She had rubbed it all over and massaged it on her body. She was really so kinky and very wild.

So friends, it was my sex experience which i had with a stranger and it turned into a sexy chapter of my life. We had sex many time and i also fucked her asshole. But, that story I will share some other time. Please do tell me in your comments about story. I am eagerly waiting.
