His home is just next to my house. His family and my family are friend. My mom requested his sister to cook for me.

When my parent went, my friend's sister Preeti came in noon and asked for cooking? I said – yes and went to my room. I was changed my clothes and started playing game on laptop. Preeti got a phone call and she was talking to someone. I tried to listen their talks. I guessed that this call was from her boyfriend. He was asking her to come down to his room. But, she said – i am busy. I can't come right now. I was saying, I am more eager than you to have sex. We have not done sex since many day. I am really thirsty. I was feeling amazed and thought, she is really sex addict.

I never saw her with bad intensions but after listening her talks with her boyfriends, I had noticed her body shape and figure. She was really sex bomb. Her figure must be 32 – 28 – 34. She was talking on phone. I had entered in kitchen. She was embarrassed seeing me. She noticed that i was seeing her with some different eyes. That's why she cooked my food and left from my house. I had eaten my food and was thinking how to fuck her. Now, I was very eager to fuck her.

I knew that she will come in morning to cook my breakfast. I started a blue film on my laptop and to bathroom. She came and called out my name. I was remain silent and was watching her from inside. She came and started watching the pron. I could see, she was getting curious. She was feeling horny. Her breath was going up and down and I could see, her boobs were going up and down with her fast breath.

She was feeling hot and was lost in porn. Then only, i came out from bathroom. She saw and went to kitchen without saying any single word. I was scared that what she will say? Will she not complaint about this to my parent? I ate my breakfast and went to college. I came back in evening. After
