I have many sex encounters which are really hot and interesting. I would like to share those all with you. Please read my first sexual experience which i had with my boss wife.

My boss is work alcoholic and always give priority to work over his wife or family. Whenever his wife or any family member wish to go anywhere, he always send me like a bodyguard. I work as a sales manager in company, but he always use me like a dog which obey him blindly. I use to do same. His wife is very pretty and beautiful. She must be around 35 but look like a 30 years age woman. She is 5.5 and her figure is super hot like a model. Her boobs are well shaped and butts are rounded. Whenever, i see her. I feel my boss is lucky to have her his wife but she is unlucky as got a boring husband.

I always feel horny seeing her. I don't remember how many times, i have made her naked in my eyes and done masturbation on her name. So friends, i believe you now understand, how sexy my boss wife is. So, now i am writing the real incident. One day, she wished to go to her sister home. It was in some other city. My boss asked to accompany his wife. I had taken my boss car and picked her wife from home and then we left. I was driving the car. She was sitting at back with her 3 years old kid. He slept after sometime.

She said – Raj, kid is sleeping. Please stop the car. Let me make him comfortable.

He made him sleep on back seat and plugged child safety belt. She then came on front seat.

She had requested me to slow down AC.

We were on way. Suddenly weather went bad. It was raining heavily and all was outside blackout. It was really difficult to drive.

I used to call my boss wife – Madam.

Madam had asked me to stop car nearby some hotel as it was very risky to drive in that much black out.

I said – Madam, there is a small town after 1 km. It is really risky to stop car in between on highway. We will stop car in town only.

She said – ok. When we reached in town. I stopped car in front of a small restaurant. I asked – ypu sit here please madam. Let me check out the place first.

I went inside. It was small hotel with a small restaurant. There was person must be owner of that hotel. I asked him – do you have any umbrella? I would like to take along madam ji and her kid.

He had given me one umbrella and said – I have one only.

I went to car and madam took her kid in arms and came out from car.

I had taken her inside umbrella as her kid was getting wet.

We came inside. I was completely wet as i had coved madam ji and her kids under umbrella. Madam ji was also little wet. There was small sofe at reception. All the people there from owner to his staff was seeing madam ji.

He was looking hot and gorgeous in wet clothes. Madam ji said – i want to change my clothes. And you also change otherwise you will be ill. We must stay here till the time, rain must not stop. Can we step-in in some good hotel?

I asked hotel owner whether there is a good hotel nearby?

He said – his hotel is only hotel in that town. I will show room to you. If you like, you can stay in.

He showed us his hotel's best room. Madam ji said – let's take it. What can we do?

I went to car and brought her bag.

Madam had opened her bag and taken out one dress. She went to bathroom for change.

I was sitting there and was seeing her kid.

Then, I thought. I also must change. I was completely wet. I had taken out my clothes. I was not carry much clothes. So I had picked a half – pant and a T-shirt.

I had worn the half pant but as I was wearing my tshirt. Madam came out from bathroom. I worn wrong side in hurry.

Madam was laughing seeing me. She said – all men are same. Seeing a female do wrong in hurry and made mistake. You must be calm and patient.

I didn't say anything.

Madam thought – I had mind. She said sorry and came close to me. She said – give it to me. Let me help you. She started removing my tshirt.

I was shocked and said – please madam. what are you doing? Please leave. If anyone see, what he will say?

Madam ji said – are you mad? Our room is locked. Who will see us? No one knows us here. And she removed my tshirt.

She was doing it right. I was feeling shy. She saw me and said – you have well built body. It's never get show from clothes. But, you have maintained it really well. Are you fond of gymming? You very hot and sexy? She came close to me and licked my nipple.

She hugged me tight and started kissing me on chest.

I said – madam ji, its wrong. What people will say?

She said – leave it. People wont say anything. Why are you scared. She put her hand inside my half pant. She started pressing my dick hard. She was kissing my whole body like a mad crazy woman.

She said – Raj, you boss had given everything to me but a woman want physical satisfaction too. You boss is not able to give me that. He don't have time for me. I am very hungry and thirsty. Please help me. Please give that satisfaction to me. Please help. I will give anything for that.

She was licking it and sucking it madly. She was abusing me and was also pressing my eggs. She had taken my eggs in her mouth and bite. I was shouting with pain. I had kept a pillow on my mouth, so that people couldn't hear my voice. She saw me and left my eggs. She was smiling

She was rubbing her nipples with my dick and then she had taken my dick between her boobs and pressed her boobs and started fucking her boobs. She was doing her boobs up and down. Wow what a sexy woman she was! super hot She made me mad.

She had kept my hands on her boobs. I got her indication. I started pressing her boobs really hard. So awesome She was a true sex lover and knew how to enjoy sex.

I was pressing her boobs one by one. Then, she bent on me. She was shaking now her butts to get my dick deeper inside her pussy. I had taken her nipples in my mouth. I was sucking one and pressing other one and was changing the boob.

We had sex more an hour and then cum together. I had released my all cum inside her pussy. We were still nude and was kissing each other. She was happy and her was shinning and blushing.

I was also happy. Now, I have a beautiful fucking partner who was ready to be
