Though I had regular flings with almost 14 women came in my life with whom had Hot & Intimated relationships for short n long term but was yet to get physically intimated with lady of My dream I found on net Her name was Bijal (name changed) Gujju married lady of 28 yrs old having son 4 yrs old staying in Borivali (Western suburbs of Mumbai) She is typical type Gujju woman (Maniben) having fair complexions with long hairs up to waist Hgt 5.4 & Wgt 60 kgs Having vital features of 36c"-30 -38 with perfect curves at right places specially folds on waist to seduce guy of any age to lure after her Though she being damn Hot n Sexy but also bit of conservative nature I was fortunate enough to find her on net and since then we regularly chatted almost for year without meeting n dating in person She was bit reserved n inhibitive for same Since day 1st she was very much frank n open in her chats and we started cybering from day itself She was against sharing her contacts numbers but use to talk dirty n sexy on mic Since I started surfing net she was only woman with whom I chatted n talk in that manner and that too in language which was mother tongue for both of us in Gujarat, V use to talk n chats using much open n dirtier words in typical gujju language, She said that I was only person in her life who talking n using such types of language, This was arousing her passions at height She also confessed having relation with her brother in law (Jijaji) staying in Ahemadabad but other then him and her hubby she didn't had with any Whenever I use to propose her to meet n date she use to deny being afraid with fear of getting caught by police raids in hotels & lodges Though I always assured her for her privacy & safety saying that till now hadn't faced any such type of incidence in life with women I dated n mated in hotels n lodges n resorts but was not enough to take away her fears n inhibitions she was having for same With her Jijaji she use to mate in his flat when she use to go in vacations to Ahemadabad Slowly I was getting bit depressed with time that I might not able to Fuck this Lady of My dream in real

But last week changed My fortune She sent offline messages for me saying she was ready to meet me personally only if I assure her for not taking her to any hotel or lodge then she could spare some 3 hrs from 1pm to 4pm after getting free dropping her son in school Was on Top of the world flying high reading

those off liners couldn't believe my luck felt like was dreaming and My Heart n Dick started pounding hard Waited for her to come online to confirm date n place

Finally I was there waiting for her sharp at 1 pm on last Wednesday i.e. 5th July 2006 in front of Borivali railway station She had confirmed about dress I was to wear for day and color n number of my bike that would help her to recognize me I was wondering n getting desperate with heart n lund pounding hard as time started running out its was 1.20 pm then Looked n searched for her among crowds though she didn't mentioned anything about her wears but was sure of wearing either saree or punjabi suit as her family background was orthodox type and for my surprise she came from opposite direction and called me by my name And I was stunned when I turned and saw Lady of My dream standing so close to me in real forwarding her hand for giving handshake My whole body was on was on fire when my palm n fingers touched hers, It was electrifying sensations, My heart stopped beating for moment At last I was with my lady looking so damn cute n gorgeous in black n golden bordered chiffon saree wearing matching blouse having low cuts from back n front from where her two milky boobs were getting eager to peep out n get freed, Though she wore saree above her navel line its was giving ample view of wonderful folds of her skin developed on side of waist, Her long hairs tied nicely in ponytail n wearing matching imitated jewelries (Necklace n earrings n bangles) n Bindi with her pinkish lips looking sweet n hot naturally as she didn't applied lipstick, She was smelling heavenly with sweet fragrance n body odors from her perfume n deo she applied for, It was going straight n deeper inside my mind through nostrils To say, I was flying in heavens with my heart pounding much more hard n I couldn't describe condition of my lund that moment, Felt like it would burst out my lava then n there itself which I was been holding from days to be get exploded deep inside burning chooth of My dream lady but with great difficulty I was able to control n stop my lava from shooting out, Hand bag I carried n which was on lap came handy to cover n hide tent formed on trousers due excitement n arousal of My lund to be get noticed in public I complimented her saying," Honey, U are looking sweet n cute, Touch wood " She smiled n pressed my palm hard replying, "Thanks Darling "

She sat decently keeping some distance though I was feeling light brushes n touches of her body behind on pillion seat holding me from shoulder saying," Hawe ahiya thi jaldi chaal " (Drive fast away from this site) and from there our journey of pleasures leading to ecstasy started She asked," Aapde kya jaisu?" (Where shall V go?) I replied, that since timing was not suitable to see movie V shall go to National park if that place was ok for her She nodded by pressing my shoulder hard n said " Chalse, Hu pan tya jawa matej vicharti hati " (I also thought of going same place) I asked her if she would like to have some foods or snacks before which she refused n suggested of having while returning back, She said softly smiling in my ear, " Darling, Mari pet ni ander ni bhook ane taras karta pet ni neeche ni bhook wadhare che. Ane Aapdi

pase thodoj samay che ane je pan che, Yeno hu sad upyog karwa mangu chu ” (Hunger n Thirst below my stomach is much more then what I M having inside n want to quench it n V are having very short time for us n whatever V have I just want to make proper use) Her words made my heart n lund to pound hard again

National park, A very exotic picnic spot in western suburbs of Mumbai, Its just only 5 mins drive from Borivali station, Its ideal place for day picnic for families n Unique one for couples n lovers who can find some place of privacy where there can have few moments together to share feelings n desires with each other which they hardly find in other picnic spots n public places of Mumbai which is full of crowds

Moment V entered park she got more bolder coming much closer n was holding my chest with her right hand, Touches of her fingers making my nipples getting erect, Now I was feeling touches of her boobs on my back n feeling heat of her body, Her body was leaning more on me n this was having wonderful effects on my body n lund After driving 1km inside park pass by place generally were all picnickers n couples go, She also thought of going same place but instead I kept driving straight which made her little uneasy asking,” Aapde ahiya kya jayi rahiya che? ” (Where V heading for) I had some different ideas n plans in mind, I wanted to take her to Kanheri caves Its situated 10 kms inside park on mountains and that road passes through very dense forest n streams n river passing by, In months of monsoon this place becomes paradise on earth like garden of Eden, Being away from main park one finds few people n vehicles on this road n I just wanted be with her away from public I replied her that V were heading for Kanheri caves and surprisingly though she had park several times but she didn't heard of such place existed inside She asked,” Pan Sweet heart, Ye jagiya safe tow che ne,aa road par tow koyij nathi dekhatu ane puru jungle che,Mane darr lage che ” (Hope that place is safe, this road is covered with dense forest n hardly find any people here, I M getting scared) I took her hand which she was resting on my right chest and I kissed her on palm, It was my very first kiss for my lady she shivered while I was kissing n brushing her palm n fingers on my lips n moustache, I hold it tight n said,” Bijal, Tu mari jaan cho, Hu tari baraber sambhad rakhish ” (U is my jaan n I would take proper care of U) This made her going wild by holding me with both hands one on my right chest n other on left and she kissed me on my neck n said,” Oh jaanu,U are so sweet, Hu tarij chu ane tu maro che, I Love U Hawe mane jara pan darr nathi lagti ” (I M Urs n U are mine I M fearless for now) This made n bought us closer

V stopped on bridge passing over river and since it had rained heavily few days back it was running with full flow, Its was wonderful scenery, She got delighted seeing flow of river n wanted to go inside There was nobody around n as V got down from bike I hold her from her from shoulder n leading her towards bank of river she rested her head on my shoulder n I kissed on her

cheek n she put her hand on around my waist holding me tighter as V were walking like lovebirds together, It was having wonderful effects inside my groins As V reached bank n removed our footwear's she lifted up her saree n petticoat up to her knees revealing wonderful n sexy n silky legs of hers which was having nice shape n curves wearing golden anklets around ankles with rings on her legs fingers, This sight of hers made my lund grow much larger inside standing like pole forming bigger tent on trousers, She smiled as she caught site of my groins saying, " Taro lodo tow bahar aawa tadpi rahyo che, Kewo thagi ne ubho che tari pant ma " (Its seems Ur dick is getting desperate to come out, How nicely its standing getting aroused n erected inside) I replied, "Ye tow jyaarti tane joyo che tyaartij bahaar aawa thangani rahyo che, Hamna tara komal pag ne joine wadhare adhiro thayo che " (Moment he saw U is behaving in same manner but this site of sexy legs is making him more eager for U) She came close n put her palm on my trousers touching n feeling hardness n started caressing n pressing it gently saying, " Tow patchy bahar kid ne ander kemp handy ne racy che " (Then take him out why U are making him suffocates inside) I was just taken back surprise with her move, Didn't expected that she would be reacting with me in this way in open though there was nobody around, My lady was holding n playing with my lund I felt like was in seventh heaven, I replied, "Baby, Thud dirham reach ahiya nail pan aged jai ne tari ye ane hare echo woo ne porn karris " (Keep patience of while, I can't do it here but shall surely fulfill this and all wishes n desires of Urs going ahead) I put my left hand around her waist has V start walking inside water, She was holding her saree with one hand with other she holding my forearm, I told her to be careful cause peddles n stones inside water was bit slippery

V settled inside in knee deep water with sand below making us comfortable holding our bodies together against flow which was bit more, She had pulled her saree much more above knees now holding it between upper thighs n I had also rolled on my trousers up to thighs She was just delighted holding me tighter from my waist as I holding hers n V standing against flow of river She sprinkled water on me saying, "Hamna warsaad aawe tow kewi mazaa aawe Mare warsad ma bhinjawu che" (How nice it would be if its rains for now, Want to get myself wetter) She was just growing much bolder with her actions, I replied, "Lage che warsaad tow aawse pan Tu bhinjai jaish ne ane tari saree and kapda kharaab thai jase ne " (Weather sounds that it's shall pour sooner but that would make Ur saree n clothing's wet n soak) She changed her position from standing besides now facing n hugging me saying, "Mane yeni parwa nathi, Mane tow hamna tara prem ma dubi jawu che " (Who cares, I just want to get drowned in flow of Ur Love n Lust) I also hugged her tighter bringing much closer to me looking around n confirmed if V were not been spied with any n replied, " Mauko malse tow hu tane mara prem na bhavasagar ma dubadi daish " (If V gets chance then I shall be drowning U deeper inside ocean of my passion)
